HENDRICKSON

ELIMINATE SHOCK REPLACEMENT

HENDRICKSON ZMD RETRO-FIT KITS

The Hendrickson ZMD (Zero Maintenance Damping) retro-fit kits replace traditional shocks with a maintenance-free solution that delivers long-term performance, reliability and real savings.

LABOR SAVINGS

No more removing seized or corroded shocks - saving time and labor.

MAINTENANCE SAVINGS

Eliminate shock replacement and the associated costs and downtime.

REDUCE DOT VIOLATIONS

Avoid out-of-service violations due to worn or leaking shocks.

KEEPS AGING TRAILERS WITH AN UPGRADED SUSPENSION

Extend the life of your trailers with improved ride and reliability.

MORE COMFORT, LESS WEAR

Improved ride quality helps reduce wear on cargo, equipment, and trailers.

3-YEAR PARTS WARRANTY

SINGLE BATTERY

\$83.95 per battery*

Price does not include \$27 core charge

PALLET PROMOTION

\$79.00 per battery*

(36) Batteries on a pallet

Total \$2,844 (does not include \$27 core charge)

KEY FEATURES

- 950 CCA performance for reliable cold-weather starting power.
- Built for durability and long service life.
- Group 31 stud-type design compatible with a wide range of heavy-duty applications.

PART# BW31S950

LUBRICANTS

CASTROL TRANSYND 668 FULL SYNTHETIC AUTOMATIC TRANSMISSION FLUID 5 GALLON PAIL

CASTROL | PART# PRICAST15E2E0

- Approvals: Allison TES 668™ and TES 295®
- Backward Compatibility: Replaces older TES 468™ and TES 295® applications.
- Fluid Type: 100% full-synthetic formula.
- Drain Intervals: Up to 300,000 miles or 48 months for general duty; up to 150,000 miles or 48 months for severe duty.
- Operation: Improves cold-weather starts and maintains stable viscosity under heavy loads.
