ABOUT US

Alliant Power was established in 2002 as a result of a strategic partnership with Caterpillar Fuel Systems, granting Alliant Power exclusive rights to supply new, original equipment HEUI injectors for popular Ford and Navistar diesel vehicles to the aftermarket. Since 2002, the Alliant Power product line has grown considerably. We lead the aftermarket in original equipment or equivalent quality products: fuel systems, engine components, and value-add repair solutions.

WHERE TO BUY

Alliant Power has cultivated an extensive network of 500+ independent diesel specialists to provide Alliant Power product and service solutions throughout the Americas. Please visit our Dealer Locator at alliantpower.com to find an Authorized Dealer in your area. Please contact Alliant Power at **1.866.283.1785** if you are interested in becoming an Authorized Dealer.

VALUE-ADD PRODUCT SOLUTIONS

Alliant Power takes great pride in supplying our valued customers only OEM or equivalent quality products. Where possible, Alliant Power provides added value by offering cost effective repair solutions and kitting strategies. Look for the emblems below throughout this Application Guide highlighting these strategic product solutions.

EXCLUSIVE PARTS

Oftentimes, OEMs restrict product access or offer only expensive replacement components to fix engine issues. With this in mind, Alliant Power strives to create unique, exclusive product solutions enabling cost effective, quality repairs alternative to expensive component replacement – saving our customers time and money.

EXCLUSIVE KITS

Alliant Power assembles kits to include all components necessary to complete a specific repair. These kits include not only the replacement component but also all necessary seals, gaskets, and hardware for proper installation. Save time and money—when you order these exclusive kits from Alliant Power, you can be sure you have all of the necessary parts to do the job right!

PROFESSIONAL TECHNICAL SUPPORT

Alliant Power offers a comprehensive technical support program to assist customers with vehicle diagnostic troubleshooting, part number cross-referencing, and training for sales staff and technicians. Technical Bulletins relating to common engine diagnostic issues are available at alliantpower.com. Technical phone support is available at **1.866.283.1785**.

BEST IN CLASS WARRANTY

Alliant Power offers a best in class 24-month, unlimited mileage warranty* on all products. Alliant Power favorably calculates warranty labor reimbursement using flat rate labor time at the installer's shop rate. *Please visit AlliantPower.com for additional details regarding warranty coverage.

DIESEL FUEL TREATMENT

Complete Protection

Diesel fuel can vary in consistency and quality. Protect your engine's fuel system against substandard fuels by using Alliant Power Diesel Fuel Treatments. Our line of Diesel Fuel Treatments will help restore engine power, torque, and fuel economy through all seasons and operating conditions.

Alliant Power Fuel Treatments are formulated using technologically advanced chemistry designed to protect the most advanced high-pressure common rail diesel fuel systems as well as conventional systems. All are alcohol free, compatible with ultra-low sulfur diesel (ULSD), bio-diesel (up to B20), and exhaust aftertreatment emission systems (SCR & DPF). Alliant Power Fuel Treatments are compatible for all diesel engines, large or small, and for any application whether on-highway, off-highway, or marine.

ULTRAGUARD®

ULTRAGUARD is our all-season, multi-functional diesel fuel treatment that provides complete fuel system and injector protection for all diesel engines. ULTRAGUARD is designed to improve base diesel fuel quality and provide superior fuel system protection under all operating conditions.

Benefits:

- Restores engine power, torque, and fuel economy
- Increases cetane for improving engine combustion, faster cold starting, and smoother running
- Cleans/Eliminates injector deposits
- Eliminates injector "stiction" commonly associated with Common Rail Injectors
- Stabilizes fuel and protects against gums, varnishes, and rust/corrosion
- Lubricates fuel system
- Reduces ice formations of water in fuel
- Helps remove water by demulsification
- Provides Anti-Gel protection
- Helps minimize particulates in exhaust aftertreatment systems (SCR & DPF)

Please visit AlliantPower.com for additional information and Safety Data Sheets (SDS)

WINTERGUARD®

WINTERGUARD is our cold weather diesel fuel treatment designed to prevent common diesel fuel issues relating to extreme cold temperatures. Helps provide improved cold starting and cold weather engine performance.

Benefits:

- Provides Anti-Gel protection
- Improves cold filter plug point (CFPP) down to $-13^{\circ}\text{F}/-25^{\circ}\text{C}$ on average and as low as $-40^{\circ}\text{F}/-40^{\circ}\text{C}^{\dagger}$
- Reduces ice formations of water in fuel
- Economical per gallon treat rate

†All Alliant Power Diesel Fuel Treatments can be blended with each other. Overtreating and double-dosing will increase effectiveness, but may not provide twice the benefit. Cetane and cold weather performance are dependent on the base fuel.

LUBRIGUARD®

LUBRIGUARD is our highly concentrated lubricating diesel fuel treatment with cetane improver that provides superior fuel system protection for all diesel engines. LUBRIGUARD has been developed using a unique combination of additives designed to supplement ULSD and dry fuels that are known to cause premature wear of the fuel system.

Benefits:

- Lubricates fuel system reducing friction & wear
- Restores engine power and torque
- Increases cetane for improved engine combustion and smoother running
- Concentrated lubricant to reduce friction/wear from dry fuels such as: Jet A, Kerosene, or #1 Diesel
- Helps maintain fuel system cleanliness
- Helps remove water by demulsification
- Stabilizes fuel and protects against gums, varnishes, and rust/corrosion
- Economical per gallon treat rate
